### **You're Never Alone**

*Victim Awareness Public Service Announcement*

ANNCR: Every year, more than 9,000 people in Michigan just like you and your loved ones are victims or witnesses of crimes. When you're victimized, you feel incredibly alone, like no one can understand what you've been through. But you're not alone. The Kent County Victim/Witness Unit is here to help. The case managers in the Victim/Witness Unit understand what you're going through, and they will be a support mechanism to help you through these hard times and walk you through difficult court proceedings. In some cases, they can even help you get financial support. So remember, you're never alone. If you or someone you know has been victimized or witnessed a crime, please call the Kent County Victim/Witness Unit at (877) 451-8115 and get the support and help you deserve.
